

SOUTH WESSEX WASTE MINIMISATION GROUP: 12th December 2019, Merley House, Wimborne

MINUTES OF MEETING

1. Present

(see attached)

2. Advantages of the Waste Water Purification Plant (WWP) at the Hall & Woodhouse Brewery (Kevin Sissons)

Kevin provided a presentation in regard to the water purification plant at the Hall & Woodhouse brewery in Blandford. (see presentation for details)

3. Coconut and Cotton (Plastic Free shopping) – Lucy Barfoot

Lucy Barfoot runs a plastic free business with the main aim of making plastic free more accessible and cheaper. There is a shop in Shaftesbury where plastic free products can be purchased and refills of shampoo, conditioner, face wash, dishwasher liquid, toilet cleaner etc. can be purchased using your own bottle.

Further details can be found at www.coconutandcotton.co.uk

(see presentation for further details)

4. Transition Lymington: 'Striving for a transition from our current way of life to a better one' (Sarah Fawkes) <https://lymington.com/lymington-life/environment/1218-transition>

Sarah provided an overview of Transition Lymington and the various projects they are involved with. This includes an energy project with schools, a food challenge (community allotment), a repair café, waste recycling, clothes swap etc.

Further details can be found at the link above.

Delegates were then given the opportunity to make their own Boomerang bags – cloth reusable bags.

The annual festive quiz was then undertaken. Prizes were kindly donated by Hall & Woodhouse brewery and Southern Sustainability Partnership.

5. Date and Venue of next meeting:

Wednesday 18th March, Merley House, Wimborne
